## Seventh Semester B.E. Degree Examination, July/August 2022 Information and Network Security

Time: 3 hrs.

Max. Marks: 80

**Note:** Answer any FIVE full questions, choosing ONE full question from each module.

### Module-1

- 1 a. List four classic Ciphers. Explain Simple Substitution Cipher, with an example. (05 Marks)
- b. Encrypt the message "Attack at dawn", using a double transposition cipher with 3 rows and 4 columns, using a row permutation (1, 2, 3) → (3, 2, 1) and column permutation (1, 2, 3, 4) → (4, 2, 1, 3). (03 Marks)
- c. Explain One – time pad is a provably secure. Also discuss why One – time pad can be used only once. (08 Marks)

**OR**

- 2 a. Differentiate between : i) Plain text and Cipher text      ii) Block and Stream Cipher  
iii) Diffusion and Confusion. (06 Marks)
- b. Write a note on Code book Cipher. (05 Marks)
- c. Give the Taxonomy of Cryptography. (05 Marks)

### Module-2

- 3 a. What is a Cryptographic Hash function? Demonstrate a Birthday Attack with an example. (06 Marks)
- b. Justify Tiger Hash is fast and secure. Also explain its working. (10 Marks)

**OR**

- 4 a. Explain HMAC structure. With a neat diagram. (08 Marks)
- b. Explain Steganography and Digital Water marking methods of Information hiding. (08 Marks)

### Module-3

- 5 a. Differentiate between Non deterministic and Deterministic generators. (04 Marks)
- b. Explain different types of Freshness Mechanisms. (10 Marks)
- c. What is Zero Knowledge Mechanism? (02 Marks)

**OR**

- 6 a. Explain how a simple protocol is analyzed, with an example. (08 Marks)
- b. Explain Diffie – Hellman key agreement protocol, with an example. (08 Marks)

### Module-4

- 7 a. Illustrate the Key Life Cycle in Key Management, with a neat diagram. (06 Marks)
- b. Explain distribution of Public keys with relevant diagram. (10 Marks)

**OR**

- 8 a. Illustrate X.509 Public Key certificate. (08 Marks)
- b. Explain the Certification Life Cycle. (08 Marks)

Important Note : 1. On completing your answers, compulsorily draw diagonal cross lines on the remaining blank pages.  
2. Any revealing of identification, appeal to evaluator and/or equations written eg. 42+8 = 50, will be treated as malpractice.

**Module-5**

- 9 a. Illustrate Handshake Protocol, with a neat diagram. (06 Marks)  
b. Describe the application of Cryptography for Secure payment and Card transaction. (08 Marks)  
c. List application of Cryptography on the Internet. (02 Marks)

**OR**

- 10 a. Explain about Cryptography use in Video broadcasting. (08 Marks)  
b. Explain the applications of Cryptography in :  
i) File protection                      ii) Email security. (08 Marks)
