First Impression, 2007
Second Impression, 2008

This edition is manufactured in India and is authorized for sale only in India, Bangladesh, Bhutan, Pakistan, Nepal, Sri Lanka and the Maldives.

Published by Dorling Kindersley (India) Pvt. Ltd., licensees of Pearson Education in South Asia.

Head Office: 482, F.I.E., Patparganj, Delhi 110 092, India.
Registered Office: 14 Local Shopping Centre, Panchsheel Park, New Delhi 110 017, India.

Printed in India at Nutech Photolithographers.

CONTENTS

PREFACE xix

PART I: INTRODUCTION AND PLANNING 1

CHAPTER 1 Business Logistics/Supply Chain—A Vital Subject 1

Introduction	1
Business Logistics Defined	3
The Supply Chain	7
The Activity Mix	9
Importance of Logistics/Supply Chain	13
<i>Costs Are Significant</i>	13
<i>Logistics Customer Service Expectations Are Increasing</i>	15
<i>Supply and Distribution Lines Are Lengthening with Greater Complexity</i>	16
<i>Logistics/SC Is Important to Strategy</i>	17
<i>Logistics/SC Adds Significant Customer Value</i>	19
<i>Customers Increasingly Want Quick, Customized Response</i>	20
<i>Logistics/SC in Nonmanufacturing Areas</i>	22
<i>Service Industry</i>	22
<i>Military</i>	24
<i>Environment</i>	25
Business Logistics/SC in the Firm	26
Objectives of Business Logistics/SC	29
Approach to the Study of Logistics/SC	30
Questions and Problems	32
<i>Examples of Good Logistics/Supply Chain Strategy, or Lack Thereof</i>	34

CHAPTER 2 Logistics/Supply Chain Strategy and Planning 35

Corporate Strategy	36
Logistics/SC Strategy	37
Logistics/SC Planning	40
<i>Levels of Planning</i>	40
<i>Major Planning Areas</i>	42
<i>Conceptualizing the Logistics/SC Planning Problem</i>	43
<i>When to Plan</i>	44
<i>Guidelines for Strategy Formulation</i>	46

Selecting the Proper Channel Strategy	55
Measuring Strategy Performance	59
<i>Cash Flow</i>	59
<i>Savings</i>	59
<i>Return on Investment</i>	59
Concluding Comments	60
Questions	60

PART II: CUSTOMER SERVICE GOALS 64

CHAPTER 3 The Logistics/Supply Chain Product 64

Nature of the Logistics/SC Product	65
<i>Classifying Products</i>	65
<i>The Product Life Cycle</i>	68
The 80-20 Curve	70
Product Characteristics	74
<i>Weight-Bulk Ratio</i>	74
<i>Value-Weight Ratio</i>	76
<i>Substitutibility</i>	77
<i>Risk Characteristic</i>	78
Product Packaging	79
Product Pricing	81
<i>Geographic Pricing Methods</i>	81
Some Legal Concerns	85
Incentive Pricing Arrangements	88
<i>Quantity Discounts</i>	88
<i>The Deal</i>	89
Concluding Comments	90
Questions	91

CHAPTER 4 Logistics/Supply Chain Customer Service 94

Customer Service Defined	95
<i>Customer Service Elements</i>	96
<i>Relative Importance of Service Elements</i>	97
Order Cycle Time	101
<i>Adjustments to Order Cycle Time</i>	104
Importance of Logistics/SC Customer Service	105
<i>Service Effects on Sales</i>	105
<i>Service Effects on Customer Patronage</i>	107
Defining a Sales-Service Relationship	108

Modeling the Sales-Service Relationship	110
<i>Two-Points Method</i>	110
<i>Before-After Experiments</i>	111
<i>Game Playing</i>	111
<i>Buyer Surveys</i>	112
Cost versus Service	112
Determining Optimum Service Levels	113
<i>Theory</i>	113
<i>Practice</i>	114
Service Variability	117
<i>Loss Function</i>	117
<i>Information Substitution</i>	119
Service as a Constraint	120
Measuring Service	121
Service Contingencies	122
<i>System Breakdown</i>	122
<i>Product Recall</i>	126
Concluding Comments	129
Questions	130
CHAPTER 5 Order Processing and Information Systems	134
Defining Order Processing	135
<i>Order Preparation</i>	135
<i>Order Transmittal</i>	136
<i>Order Entry</i>	137
<i>Order Filling</i>	139
<i>Order Status Reporting</i>	140
Order-Processing Examples	141
<i>Industrial Order Processing</i>	142
<i>Retail Order Processing</i>	143
<i>Customer Order Processing</i>	144
<i>Web-Based Channel Order Planning</i>	146
Other Factors Affecting Order-Processing Time	149
<i>Processing Priorities</i>	149
<i>Parallel versus Sequential Processing</i>	150
<i>Order-Filling Accuracy</i>	150
<i>Order Batching</i>	150
<i>Lot Sizing</i>	150
<i>Shipment Consolidation</i>	151
The Logistics Information System	151
<i>Function</i>	151
<i>Internal Operation</i>	157
Information System Examples	161
<i>A Retail System</i>	161
<i>Vendor-Managed Inventory</i>	163

<i>E-Commerce</i>	164
<i>A Decision Support System</i>	165
Concluding Comments	166
Questions	167

PART III: TRANSPORT STRATEGY 170

CHAPTER 6 Transport Fundamentals 170

Importance of an Effective Transportation System	171
<i>Greater Competition</i>	171
<i>Economies of Scale</i>	172
<i>Reduced Prices</i>	172
Service Choices and Their Characteristics	173
Price	173
<i>Transit Time and Variability</i>	174
<i>Loss and Damage</i>	175
Single-Service Choices	177
Rail	177
Truck	178
Air	179
Water	181
Pipeline	182
Intermodal Services	184
Trailer on Flatcar	184
Containerized Freight	186
Agencies and Small Shipment Services	188
Agents	188
Small-Shipment Services	188
Company-Controlled Transportation	189
International Transportation	189
Overview	189
Physical Plant	190
Agencies and Services	192
Transport Cost Characteristics	194
Variable and Fixed Costs	194
Common or Joint Costs	195
Cost Characteristics by Mode	196
Rate Profiles	199
Volume-Related Rates	199
Distance-Related Rates	200
Demand-Related Rates	202
Line-Haul Rates	203
By Product	203

<i>By Shipment Size</i>	210
<i>By Route</i>	212
<i>Miscellaneous Rates</i>	214
Special Service Charges	215
<i>Special Line-Haul Services</i>	215
<i>Terminal Services</i>	219
Private Carrier Costing	220
Documentation	221
<i>Bill of Lading</i>	222
<i>Freight Bill</i>	222
<i>Freight Claims</i>	223
International Transport Documentation	224
<i>Exporting</i>	224
<i>Importing</i>	224
Concluding Comments	225
Questions	225

CHAPTER 7 Transport Decisions 229

Transport Service Selection	230
<i>Basic Cost Trade-Offs</i>	230
<i>Competitive Considerations</i>	232
<i>Appraisal of Selection Methods</i>	234
Vehicle Routing	235
<i>Separate and Single Origin and Destination Points</i>	235
<i>Multiple Origin and Destination Points</i>	240
<i>Coincident Origin and Destination Points</i>	242
Vehicle Routing and Scheduling	245
<i>Principles for Good Routing and Scheduling</i>	246
<i>Methods for Routing and Scheduling</i>	250
<i>Route Sequencing</i>	257
<i>Implementation of Vehicle Routing and Scheduling Methods</i>	258
<i>Ship Routing and Scheduling</i>	259
Freight Consolidation	262
Concluding Comments	264
Questions	264
Problems	265
<i>Case Study: Fowler Distributing Company</i>	277
<i>Case Study: Metrohealth Medical Center</i>	280
<i>Case Study: Orion Foods, Inc.</i>	286
<i>Case Study: R&T Wholesalers</i>	290

PART IV: INVENTORY STRATEGY	296
CHAPTER 8 Forecasting Supply Chain Requirements	296
Nature of Forecasting	297
<i>Spatial versus Temporal Demand</i>	297
<i>Lumpy versus Regular Demand</i>	298
<i>Derived versus Independent Demand</i>	298
Forecasting Methods	301
Qualitative Methods	301
Historical Projection Methods	301
Causal Methods	306
Useful Techniques for Logisticians	306
Exponential Smoothing	307
Classic Time Series Decomposition	315
Multiple Regression Analysis	319
Special Prediction Problems for Logisticians	320
Start-Up	320
Lumpy Demand	320
Regional Forecasting	321
Forecast Error	321
Collaborative Forecasting	324
Flexibility and Quick Response—An Alternative to Forecasting	326
Concluding Comments	327
Questions	328
Case Study: World Oil	333
CHAPTER 9 Inventory Policy Decisions	336
Appraisal of Inventories	338
Arguments for Inventories	338
Arguments Against Inventories	340
Types of Inventories	340
Classifying Inventory Management Problems	341
Nature of Demand	342
Management Philosophy	343
Degree of Product Aggregation	344
Multi-Echelon Inventories	344
Virtual Inventories	345
Inventory Objectives	345
Product Availability	346
Relevant Costs	347
Push Inventory Control	350
Basic Pull Inventory Control	352
Single-Order Quantity	352
Repetitive Order Quantities	354

Advanced Pull Inventory Control	358
<i>A Reorder Point Model with Uncertain Demand</i>	359
<i>The Reorder Point Method with Known Stockout Costs</i>	363
<i>The Reorder Point Method with Demand and Lead Time Uncertainty</i>	365
<i>A Periodic Review Model with Uncertain Demand</i>	367
<i>Practical Pull Inventory Control Methods</i>	373
Pipeline Inventories	384
Aggregate Control of Inventories	386
Supply-Driven Inventory Control	394
Virtual Inventories	395
Concluding Comments	399
Glossary of Terms	399
Questions	400
Problems	401
<i>Case Study: Complete Hardware Supply, Inc.</i>	413
<i>Case Study: American Lighting Products</i>	415
<i>Case Study: American Red Cross: Blood Services</i>	422
CHAPTER 10 Purchasing and Supply Scheduling Decisions	434
Coordination in the Supply Channel	435
Supply Scheduling	437
<i>Just-in-Time Supply Scheduling</i>	438
<i>Just-in-Time Distribution Scheduling</i>	453
Purchasing	457
<i>Importance of Purchasing</i>	458
<i>Order Quantities and Timing</i>	461
<i>Sourcing</i>	470
<i>Terms of Sale and Channel Management</i>	473
Concluding Comments	474
Questions	474
Problems	475
<i>Case Study: Industrial Distributors, Inc.</i>	480
CHAPTER 11 The Storage and Handling System	481
Need for a Storage System	482
Reasons for Storage	482
<i>Transportation-Production Cost Reduction</i>	482
<i>Coordination of Supply and Demand</i>	483
<i>Production Needs</i>	484
<i>Marketing Considerations</i>	484
Storage System Functions	484
<i>Storage Functions</i>	484
<i>Materials Handling Functions</i>	489

Storage Alternatives	491
<i>Space Ownership</i>	491
<i>Rented Space</i>	491
<i>Leased Space</i>	497
<i>Storage in Transit</i>	497
Materials Handling Considerations	498
<i>Load Unitization</i>	498
<i>Space Layout</i>	499
<i>Storage Equipment Choice</i>	502
<i>Movement Equipment Choice</i>	502
Storage System Costs and Rates	505
<i>Public Warehousing</i>	505
<i>Leased Warehousing, Manual Handling</i>	507
<i>Private Warehousing, Pallet and Forklift Truck Handling</i>	507
<i>Private Warehousing, Automated Handling</i>	507
Virtual Warehousing	508
Concluding Comments	511
Questions	511
CHAPTER 12 Storage and Handling Decisions	513
Site Selection	514
Planning for Design and Operation	515
<i>Sizing the Facility</i>	516
<i>Selecting the Space Type—Financial Considerations</i>	521
<i>Facility Configuration</i>	525
<i>Space Layout</i>	528
<i>Dock Design</i>	532
Materials Handling System Design	534
<i>Materials Handling System Selection</i>	535
<i>Equipment Replacement</i>	539
<i>Product Layout Decisions</i>	540
Order-Picking Operations	553
<i>Order Handling</i>	553
<i>Interleaving</i>	555
<i>Setting Standards</i>	555
Concluding Comments	556
Questions	556
Technical Supplement	561
PART V: LOCATION STRATEGY	562
CHAPTER 13 Facility Location Decisions	562
Classification of Location Problems	563
<i>Driving Force</i>	563
<i>Number of Facilities</i>	563

<i>Discreteness of the Choices</i>	563
<i>Degree of Data Aggregation</i>	564
<i>Time Horizon</i>	564
A Historical Perspective on Location	564
<i>Bid-Rent Curves</i>	565
<i>Weber's Classification of Industries</i>	565
<i>Hoover's Tapered Transportation Rates</i>	566
Single Facility Location	567
<i>Extensions to the Single Facility Location Model</i>	572
<i>Appraisal of Single Facility Location</i>	573
Multiple Facility Location	574
<i>Exact Methods</i>	575
<i>Simulation Methods</i>	581
<i>Heuristic Methods</i>	585
<i>Appraisal of Multiple Facility Location Methods</i>	593
Dynamic Warehouse Location	594
Retail/Service Location	598
<i>Weighted Checklist</i>	598
<i>Spatial-Interaction Model</i>	600
<i>Other Methods</i>	603
Other Location Problems	606
<i>Hub and Spoke</i>	606
<i>Obnoxious Facilities</i>	607
<i>Microlocation</i>	607
Concluding Comments	608
Questions	608
Problems	609
<i>Case Study: Superior Medical Equipment Company</i>	619
<i>Case Study: Ohio Auto and Driver's License Bureau</i>	621
<i>Case Study: Southern Brewery</i>	624
<i>Technical Supplement</i>	628

CHAPTER 14 The Network Planning Process 630

The Problem of Network Configuration	631
Data for Network Planning	633
<i>A Data Checklist</i>	633
<i>Data Sources</i>	634
<i>Data Encoding</i>	636
<i>Converting Data to Information</i>	640
<i>Missing Information</i>	655
The Tools for Analysis	656
<i>Choices for Modeling</i>	656
<i>Decision Support Systems</i>	662

Conducting the Analysis	663
<i>Auditing Customer Service Levels</i>	665
<i>Organizing the Study</i>	666
<i>Benchmarking</i>	667
<i>Network Configuration</i>	668
<i>Channel Design</i>	674
<i>Integrated Supply Chain Planning</i>	680
A Location Case Study	681
<i>Problem Description</i>	681
<i>Managing the Problem Size</i>	681
<i>The Analysis</i>	683
<i>Reporting the Financial Results to Management</i>	683
<i>Conclusion</i>	685
Concluding Comments	685
Questions	686
<i>Case Study: Usemore Soap Company</i>	689
<i>Case Study: Essen USA</i>	699

PART VI: ORGANIZATION AND CONTROL 703

CHAPTER 15 Logistics/Supply Chain Organization 703

Organizing the Logistics/SC Effort	704
<i>Need for Organization Structure</i>	704
<i>Organizational Development</i>	708
Organizational Choices	710
<i>The Informal Organization</i>	710
<i>The Semiformal Organization</i>	711
<i>The Formal Organization</i>	713
Organizational Orientation	716
<i>Process Strategy</i>	716
<i>Market Strategy</i>	716
<i>Information Strategy</i>	716
Organizational Positioning	717
<i>Decentralization versus Centralization</i>	717
<i>Staff versus Line</i>	718
<i>Large versus Small</i>	719
Interfunctional Management	720
Interorganizational Management	721
<i>The Superorganization</i>	722
<i>Managing the Conflict</i>	724
Alliances and Partnerships	728
Concluding Comments	736
Questions	737

CHAPTER 16 Logistics/Supply Chain Control	738
A Control Process Framework	739
A Logistics/SC Control Model	739
Types of Control Systems	742
Control System Details	745
Error Tolerance	746
Response	746
Control in Practice	748
Budgets	748
Service Targets	748
Profit Center Concept	748
Decision Support Systems	749
Control Information, Measurement, and Interpretation	750
Audits	750
Regular Reports	756
Corrective Action	763
Minor Adjustments	763
Major Replanning	763
Contingency Plans	764
A Supply Chain Operations Reference (SCOR) Model	765
Control Links to Artificial Intelligence	767
Pattern Recognition	768
Performance Patterns	769
Courses of Action	769
Concluding Comments	770
Questions	771

APPENDICES

Appendix A Areas Under the Standardized Normal Distribution	773
Appendix B Unit Normal Loss Integrals	775

SELECTED BIBLIOGRAPHY 778

Author Index	783
Subject Index	787
